

# OUT OF CRISIS EXPERIENCES HOPE FOR THE FUTURE

October 2019 - September 2022

WE-Hope makes visible the memories and experiences of migration in Europe and promote the values of a common heritage of tolerance, solidarity, inclusion and mutual respect.

# ACTIVITIES

## THE BANK OF MEMORIES

The WE-Hope Bank of Memories contains the testimony of those who have experienced being refugees, as well as of those who have worked to support refugees at the point of arrival. Nearly 200 audio and video files were recorded.

⇒ Free access online on WE-Hope website

## THE WE-HOPE CANTASTORIA

The installation and performance created by Zach Walker and Juliet Russell updates the ancient visual storytelling form of Cantastoria, which used images and songs to tell stories in public space. Through digital interaction, vocal performance and engagement in public space, the work aims to create empathetic responses in the audience, allowing us to understand our differences and similarities.

⇒ Video available on WE-Hope website

## LEARNING RESOURCES "ARE REFUGEES WELCOME?"

Are Refugees Welcome? is WE-Hope's learning resource, aimed at 12 to 18-year-old participants. It promotes social inclusion through creativity. It enables refugee voices to be heard, and it encourages participants to create an artwork to celebrate diversity and inclusion.
